

IEEE SIU 2027 — Call for Papers

35th Signal Processing and Communications Applications Conference

4 – 7 July 2027

Istanbul Medipol University
Kavacık South Campus, Beykoz / Istanbul

The 35th Signal Processing and Communications Applications Conference (SIU 2027) will be held on **4 – 7 July 2027** at the Kavacık South Campus of Istanbul Medipol University. Held without interruption since 1993, SIU is the national conference bringing together researchers working in signal processing, communications, computer vision, machine learning and biomedical technologies.

SUBMISSION DEADLINE 1 February 2027	PAGE LIMIT 4 pages maximum	REVIEW Double-blind	PUBLICATION IEEE Xplore
---	--------------------------------------	-------------------------------	-----------------------------------

Important Dates

MILESTONE	DEADLINE	FIRM DEADLINE
Call for special session proposals	16 November 2026	30 November 2026
Call for tutorial proposals	16 November 2026	30 November 2026
Notification of special session acceptance	30 November 2026	14 December 2026
Notification of tutorial acceptance	30 November 2026	14 December 2026
Paper submission	1 February 2027	1 March 2027
Notification of acceptance	30 April 2027	3 May 2027
Camera-ready paper submission & author registration	24 May 2027	31 May 2027
Conference dates	4 – 7 July 2027	

The **firm deadline** is the final date for each milestone; no extension will be granted beyond it.

Topics and Research Tracks

Track 1 — Communications and Networks: information theory and coding, wireless and cellular networks (5G, 6G and beyond), integrated sensing and communication (ISAC), non-terrestrial networks (NTN), reconfigurable intelligent surfaces (RIS) and MIMO, network and physical layer security.

Track 2 — Image Processing and Computer Vision: image/video processing and coding, object detection and tracking, biometric recognition, remote sensing, 3D reconstruction, document analysis and OCR.

Track 3 — Signal Processing and Applications: statistical and nonlinear signal processing, audio/speech/acoustic analysis, radar–sonar and array signal processing, robotics and autonomous systems, real-time and embedded systems.

Track 4 — Machine Learning and Artificial Intelligence: machine learning theory and deep learning, natural language processing and large language models, explainable and trustworthy AI, generative models, multimodal analysis and TinyML.

Track 5 — Biomedical Signal and Image Processing: biomedical signal analysis (EEG, ECG, EMG), medical image analysis, bioinformatics, wearable sensors and e-health, neuroengineering and brain–computer interfaces.

Submission Rules

- Language:** papers must be written in **Turkish**. Papers written in English will be considered for review if one of the authors is not a native speaker of Turkish.
- Length:** at most **4 pages** including references and figures, in the standard IEEE two-column conference format.
- Originality:** original work not previously published at another conference or in a journal.
- Double-blind:** author names, affiliations, e-mail addresses and acknowledgements must be removed from the initial submission, and PDF metadata cleared.

Where and How to Submit

Papers are accepted only through **Microsoft CMT**; submissions sent by e-mail will not be processed.

cmt3.research.microsoft.com/SIU2027

Publication and Copyright

Papers accepted and presented at the conference are submitted to the IEEE Xplore Digital Library. Publication requires an IEEE PDF eXpress check, the IEEE electronic copyright transfer (eCF) and registration of at least one author by **24 May 2027** (firm deadline: 31 May 2027).

Special session and tutorial proposals: proposals must be sent to siu2027@medipol.edu.tr by **16 November 2026** (firm deadline: 30 November 2026). Please follow the conference website for details and current announcements.

Conference Co-Chairs: Prof. Dr. Hüseyin Arslan (Istanbul Medipol University) · Prof. Dr. Elif Uysal (ODTÜ)

TPC Co-Chairs: Prof. Dr. Tolga Duman · Prof. Dr. Sinan Gezici · Doç. Dr. Aykut Koç (Bilkent University)

Conference Secretariat: siu2027@medipol.edu.tr · +90 (216) 681 51 00 · Göztepe Mah. Atatürk Cad. No: 40/16, 34815 Beykoz / Istanbul

The Microsoft CMT service was used for managing the peer-reviewing process for this conference. This service was provided for free by Microsoft and they bore all expenses, including costs for Azure cloud services as well as for software development and support.
